MEMORANDUM

From: Commanding Officer, Naval Air Station Patuxent River

Subj: ENVIRONMENTAL POLICY STATEMENT

Ref: (a) OPNAVINST 5090.1 (series)
(b) NASPAXRIVINST 5090.1C

1. Per reference (a), Naval Air Station Patuxent River (NASPR) complex, which includes Webster Outlying Field and the Navy Recreation Center Solomons, is committed to promoting actions that ensure our employees are continually and proactively working to maintain a balance between our mission readiness and preservation of the environment.
2. All NASPR complex employees whether military, civilian, or contractor, regardless of rank or grade, are responsible for performing their duties in a manner that protects human health and the environment, prevents pollution, analyzes risks and opportunities, and conserves our natural and cultural resources.
3. We are committed to:
 - a. Complying with all federal environmental regulations and upholding the spirit and intent of state and local environmental regulations to the maximum extent possible.
 - b. Continual improvement of our environmental programs by focusing on educating our employees about the environmental impacts of their mission activities, and on minimizing those impacts.
 - c. Supporting Environmental Management System Representative assigned to commands, organizations, and tenants participating in the Installation's Environmental Program.
 - d. Early introduction of environmental protection, pollution prevention, source reduction, and conservation of natural and cultural resource considerations into the planning stages of all projects conducted at NASPR complex.
 - e. Encouraging ecologically sustainable practices that reduce energy and water usage, minimize solid and hazardous wastes, and promote the use of recycled materials.
 - f. Fostering cooperation and communication with surrounding communities.

Subj: ENVIRONMENTAL POLICY STATEMENT

g. Communicating this environmental policy to all employees and interested parties throughout the installation.
