

Family SGLI (FSGLI) provides life insurance coverage for Dependent SPOUSE and children of all Service members (Active Duty, Ready Reserve, and National Guard who have full-time SGLI coverage)

COMMAND:

1. Is REQUIRED to submit a Personal Casualty Report (PCR) via the DEFENSE CASUALTY INFORMATION PROCESSING SYSTEM (DCIPS).
2. [MILPERSMAN 1770-030 \(navy.mil\)](#) states in part: Dependent Death. The timely reporting of a dependent death will facilitate follow-on actions. 3.
3. After submitting the PCR, consult MILPERSMAN 1741-030 for further guidance. [1741-030.pdf \(navy.mil\)](#)

REPORTING:

1. Web-based Personnel Casualty Reports (PCR) using DCIPS became the Navy standard for reporting ALL personnel casualties and can be accessed at one of the below links:

<https://dcsa.hrc.army.mil> <https://dcsb.hrc.army.mil>

2. New [PCR User Guide \(April 2022\)](#). Need CAC Card to access reporting tool (DCIPS). If you are a privileged user and require assistance, please contact POC listed below.

RECOMMENDATIONS:

1. While a dependent death is not a full CACO case, in the Casualty Report's Remarks section a Command POC may be added in case FSGLI office needs to reach back to the command to discuss the needed **substantiating documents from the sponsor and claim forms**.
2. Once the PCR is submitted call the FSGLI office to make sure the message was received.

CONTACTS:
