

NOK Memorial and Funeral Travel Guide for Commands

Commands are responsible for providing travel and transportation support to authorized travelers. MILPERSMAN articles 1770-270 and 271 outline the authorized travelers in every CACO case.

Navy Casualty...

1. Is the funding authority for all NOK Travel (authorized travelers).
2. Expects to receive a 5060 Notice to learn the details of the ceremony.
3. Expects to receive a NOK Travel Request OPNAV Form 1770 for each authorized traveler in no less than three working days before the expected travel date.
4. Will use DTS to issue the itineraries directly to the travelers via email. Travelers with existing DTS accounts must be released by their current DTS authority ASAP.

The Command...

1. For a Unit Memorial or Funeral, the Command must inform Navy Casualty of the date, time, and complete address with Zip Code for the ceremony as soon as it is determined via a 5060 Notice. This information will generate the funding for the NOK travel. This information will be entered in Block 9 of the NOK Travel Request Form.
2. For a Funeral near the Command, the Command will be advised of the location, date, and time by the Region or the CACO assisting the PADD.
3. Must contact the official travelers and complete the OPNAV Form 1770-2.
4. Email travel requests forms to the Navy Casualty Case Manager and the Region. The Navy Casualty Case Manager is identified in the FORAC Follow-Up Actions message sent to the triad at the start of the case.
5. Review the CACO Travel Guidance to brief the travelers on their entitlements. When they return home, they will file travel claims, and by then, they should know the importance of the receipts and the *kind* of receipts needed for reimbursement. Recommend a nearby hotel to the NOK; the travelers must make their own reservations.

6. Provide local transportation to authorized travelers from the airport to the hotel to the ceremony and return.
7. Review the MILPERSMAN to ensure only authorized travelers are involved and provide access to these events. The JFTR also governs this travel; this applies to the travel claim process receipts as outlined in the Travel Guidance.

Funeral Ceremony and Flag Presentation

1. NDW will provide the Honors Team and a Team Leader to carry out the Honors.
2. The Flags will be presented IAW MILPERSMAN 1770-275.
3. Standard-size Burial Flags are to be provided by the Region or the Honors Team.
4. The Command may participate in the ceremony/flag presentation. The honors team usually asks if it is a preference.
